

EMBRACE A NEW ERA OF
DOING BUSINESS

OPENLOGIC DRMS FRAMEWORK

A Distribution Resource Management System (DRMS) is a collection of applications designed to monitor & control the entire distribution network efficiently and reliably. It acts as a decision support system to assist the control room and field operating personnel with the monitoring and control of the electric distribution system. Improving the reliability and quality of service in terms of reducing outages, minimizing outage time, maintaining acceptable frequency and voltage levels are the key deliverables of a DMS.

Unlike the others, Our DMS not only connects, infact integrates with your Distributor's Tally & Busy by providing you complete control over the distributor's billing Software with the same flavor of Portal based DMS yet enabling your distributors/dealers to work offline.

REMARKABLE BENEFITS OF DISTRIBUTION RESOURCE MANAGEMENT SYSTEM

Manage Inventory

Manage inventory by having proper recording, tracking and monitoring of the inventory.

Master & Price Control

Manage distributor's MRP, past entries, stock availability by having precise control.

Order Fulfilment & Sale Returns

Complete & partial deliveries can take returns based on SKU and distributors can mark it.

Streamline Sales Orders

Centralise quotes, enter and fill orders and reduce time and cost.

Automate Cross-Company Transactions

Streamline buy/sell transactions of different companies and reduce time and cost.

Optional Distributor Portal

Easy access to import/export data at the distributor's end.

Integrate With ERP

Incorporates DMS with ERP for a smooth, fast and easy process.

Stock & Sales Visibility

Full control over stock and sales data with an effective analysis.

Schemes & Discounts

Publish various schemes & discounts at distributor and warehouse level.

KEY FEATURES OF DATANOTE

Source Code Access

Banking Integration

Multi Language

Dynamic Dashboard

WhatsApp Integration

Multi Currency

Barcode & QR Code

Intelligent Reports

Audit Trail Log Management

Third Party API Integration

Document Management

Multi Operating System Support

GST and E-Way Bill

Mailbox Integration

Data Import Facility

CLIENT REVIEWS

PRODUCT OF

SAFAL
INFOSOFT PVT. LTD.

An ISO 27001:2013 Certified Company

India Locations: Ahmedabad • Mumbai

Overseas Presence : Australia • UAE • USA • Kenya
